

Announcements

8th International Conference on New Trends in Immunosuppression and Immunotherapy

According to predominant opinion of the majority of participants from 43 countries, the 7th International Conference on New Trends in Immunosuppression and Immunotherapy (ICNTII), which took place in February 2006, was a great success.

We are pleased to announce the next – 8th International Conference on New Trends in Immunosuppression and Immunotherapy, which will take place in Berlin, on February 14–17, 2008.

The Program Committee is currently putting together a very exciting and comprehensive scientific program with a great deal of interest for both researchers and clinicians working in these fields.

The main topics of the Conference are:

- Mechanisms of immune mediated conditions and diseases
- Immunoregulation
- Tolerance
- Alternative targets for immunomodulatory agents
- Clinical immunosuppression and immunotherapy in organ and cell transplantation, autoimmunity and inflammation
- Immunologic monitoring

We look forward to your participation, and to extending a warm welcome in Berlin in February 2008.

3rd International Meeting on the Small-for-Size in Liver Surgery

March 23rd, 2007, Ghent, Belgium

<http://www.smallforsize.be>

Main topics:

- Postoperative fluid management in pediatric and adult liver transplantation
- Systemic and intestinal hemodynamics: what to treat first?
- Strategies for perioperative hemorrhage
- Anesthetic and hemodynamic management in ALF
- Pediatric anesthesia in liver surgery and LTx
- Strategies for acute kidney injury in whole and partial liver transplantation
- Metabolic requirements vs. regeneration
- How to predict small-for-size syndrome in extended hepatectomies
- Tips to improve overall results in split liver transplantation between adults
- Surgical techniques and perioperative management of small-for-size grafts
- Adult and pediatric ABO-I living donor liver transplantation
- Klatskin tumors: resection vs. transplantation
- Strategies for early HCC

We look forward to welcoming you to Ghent in March 2007 and to a successful and innovative 3rd Meeting on the Small-for-Size in Liver Surgery.
